

Q1 2022 – Supplemental Information

April 21, 2022

Forward-Looking Statements

This presentation contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 that reflect the current views of BankUnited, Inc. (“BankUnited,” “BKU” or the “Company”) with respect to, among other things, future events and financial performance. The Company generally identifies forward-looking statements by terminology such as “outlook,” “believes,” “expects,” “potential,” “continues,” “may,” “will,” “could,” “should,” “seeks,” “approximately,” “predicts,” “intends,” “plans,” “estimates,” “anticipates,” “forecasts” or the negative version of those words or other comparable words. Any forward-looking statements contained in this presentation are based on the historical performance of the Company and its subsidiaries or on the Company’s current plans, estimates and expectations. The inclusion of this forward-looking information should not be regarded as a representation by the Company that the future plans, estimates or expectations contemplated by the Company will be achieved. Such forward-looking statements are subject to various risks and uncertainties and assumptions, including (without limitations) those relating to the Company’s operations, financial results, financial condition, business prospects, growth strategy and liquidity, including as impacted by external circumstances outside the Company’s direct control. If one or more of these or other risks or uncertainties materialize, or if the Company’s underlying assumptions prove to be incorrect, the Company’s actual results may vary materially from those indicated in these statements. These factors should not be construed as exhaustive. The Company does not undertake any obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments or otherwise. A number of important factors could cause actual results to differ materially from those indicated by the forward-looking statements. Information on these factors can be found in the Company’s Annual Report on Form 10-K for the year ended December 31, 2021 and any subsequent Quarterly Report on Form 10-Q or Current Report on Form 8-K, which are available at the SEC’s website (www.sec.gov).

Allowance for Credit Losses

Underlying Principles

- The ACL under CECL represents management's best estimate at the balance sheet date of expected credit losses over the life of the loan portfolio.
- Required to consider historical information, current conditions and a reasonable and supportable economic forecast.
- For most portfolio segments, BankUnited uses econometric models to project PD, LGD and expected losses at the loan level and aggregates those expected losses by segment.
- Qualitative adjustments may be applied to the quantitative results.
- Accounting standard requires an estimate of expected prepayments which may significantly impact the lifetime loss estimate.

Economic Forecast

- Our ACL estimate was informed by Moody's economic scenarios published in March 2022.
 - Unemployment at 3.7% for Q2 2022, steadily declining to 3.5% through end of 2022 and 3.4% throughout 2023.
 - Annualized growth in GDP at 4.8% for Q2 2022, normalizing to an average of 3.4% and 3.2% for 2022 and 2023.
 - VIX trending at stabilized levels through the forecast horizon.
 - S&P 500 averaging 4,200 through the R&S period.
- 2 year reasonable and supportable forecast period.

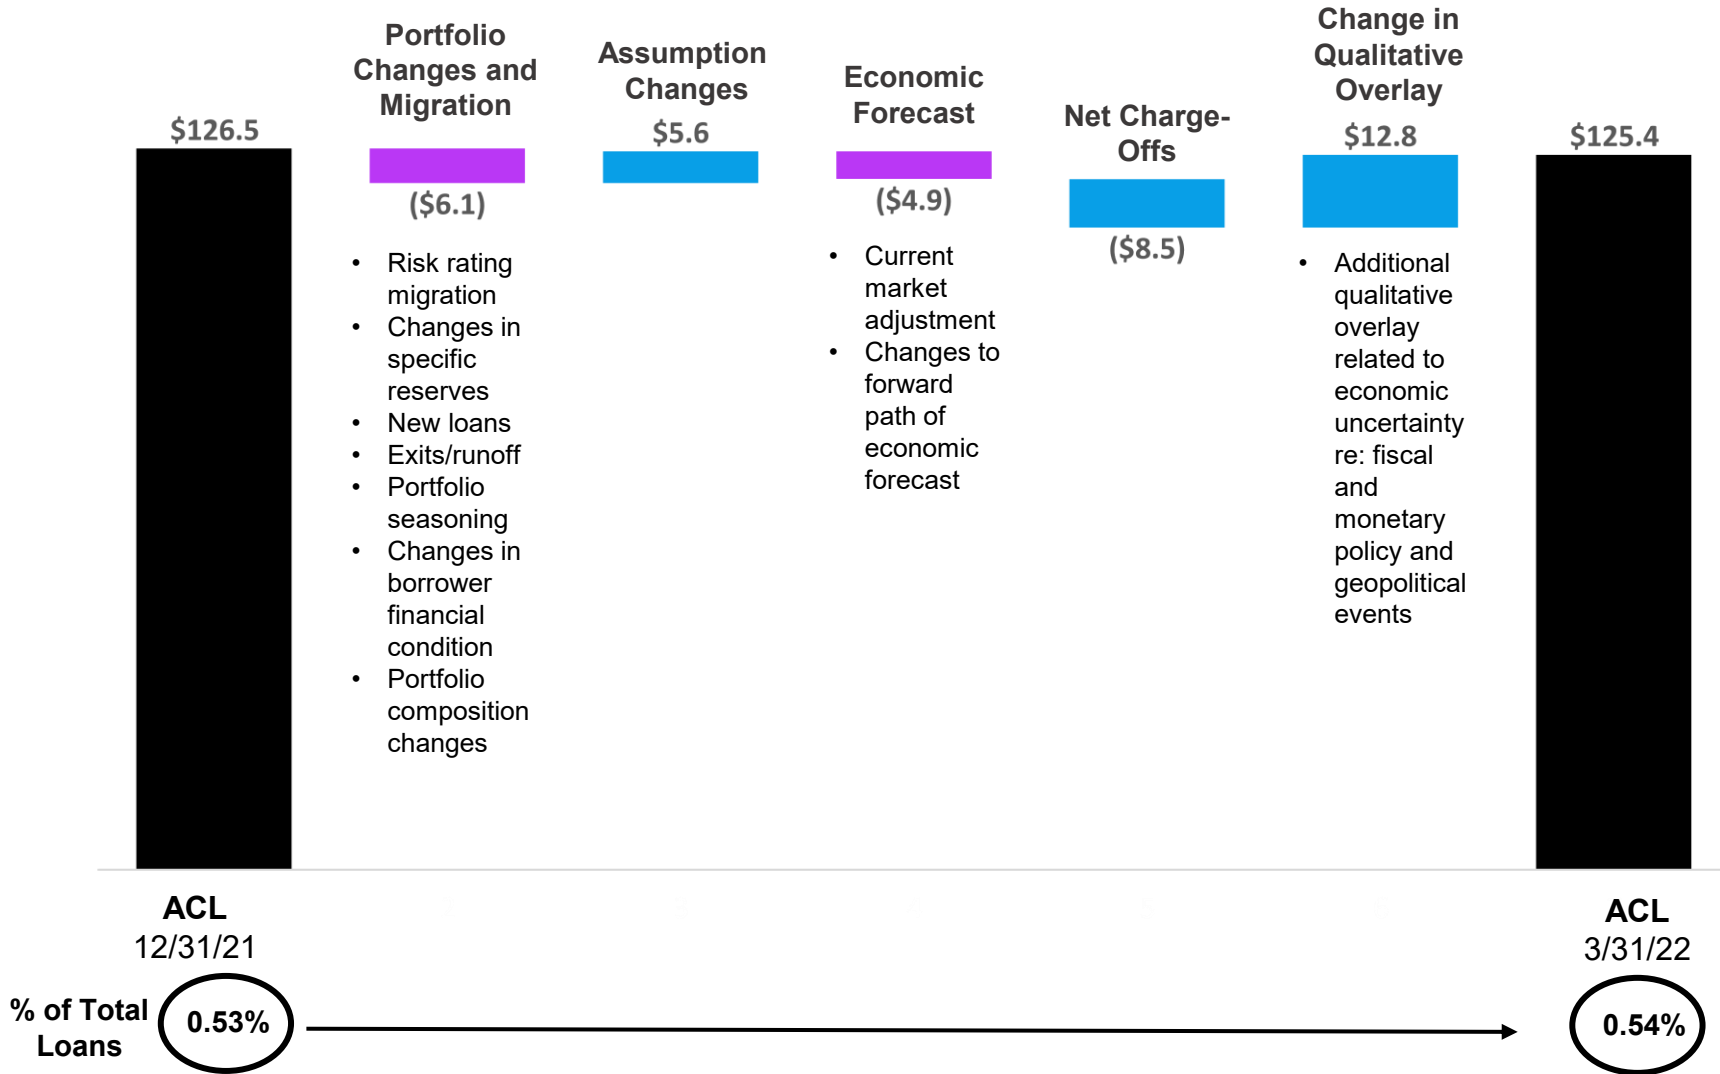

Key Variables

- The models ingest numerous national, regional and MSA level economic variables and data points. Economic data and variables to which portfolio segments are most sensitive:
 - Commercial
 - Market volatility index
 - S&P 500 index
 - Unemployment rate
 - A variety of interest rates and spreads
 - CRE
 - Unemployment
 - CRE property forecast
 - 10-year treasury
 - Baa corporate yield
 - Real GDP growth
 - Residential
 - HPI
 - Unemployment rate
 - Real GDP growth
 - Freddie Mac 30-year rate

Non-GAAP Financial Measures

Non-GAAP Financial Measures (continued)

ACL to total loans, excluding government insured residential loans, PPP and MWL is a non-GAAP financial measure. Management believes this measure is relevant to understanding the adequacy of the ACL coverage, excluding the impact of loans which carry nominal or no reserves. Disclosure of this non-GAAP financial measure also provides a meaningful basis for comparison to other financial institutions and is a measure cited by analysts. The following table reconciles the non-GAAP financial measurement of ACL to total loans, excluding government insured residential loans, PPP loans and MWL to the comparable GAAP financial measurement of ACL to total loans at the dates indicated (dollars in thousands):

Non-GAAP Financial Measures

Tangible book value per common share is a non-GAAP financial measure. Management believes this measure is relevant to understanding the capital position and performance of the Company. Disclosure of this non-GAAP financial measure also provides a meaningful basis for comparison to other financial institutions as it is a metric commonly used in the banking industry. The following table reconciles the non-GAAP financial measurement of tangible book value per common share to the comparable GAAP financial measurement of book value per common share at March 31, 2022 (in thousands except share and per share data):
